

Driver			Notes	General Dosage
ED 1	Source	<ul style="list-style-type: none"> • Master energy Driver. Catalyst for all chemical and energetic activities. Energizes all other Drivers. Impetus for maintaining, healing and correcting body function. Important use for relieving fatigue from detoxification or healing reactions. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 2	Imprinter	<ul style="list-style-type: none"> • Primary Driver for information transfer. Ensures information transfer to all cells of the body. Helps maintain correct body metabolism through its link to endoplasmic reticulum (protein & lipid synthesis, cell detoxing). 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 3	Cell	<ul style="list-style-type: none"> • Primary driver for body metabolism. Field is generated by mitochondria (energy centers of cells). Field is damaged by toxins in cells. Infoceutical helps move toxins from cells, aids mitochondria and is a strong antioxidant. Related to lung function. Good for geopathic stress. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 4	Nerve	<ul style="list-style-type: none"> • Primary Driver for nervous system function. Creates fields that transfer information in the body. Promotes calm, aids sleep. Harmonizes brain wave production, rebalancing whole nervous system. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 5	Circulation	<ul style="list-style-type: none"> • Primary Driver for blood health and circulation. Maintains blood health, especially erythrocytes (RBC). Healthy performance of arterial system. Transfer of oxygen, waste products, nutrients, hormones and information. Maintains circulation nerve plexus. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 6	Heart	<ul style="list-style-type: none"> • Primary Driver for the heart and emotions. Confluence of three major body systems: nervous, circulatory, respiratory. Maintaining heart activity. Linked with midbrain, visual and auditory acuity. Decision-making processes, identity, clarity, self-confidence and mental integration. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 7	Lung	<ul style="list-style-type: none"> • Primary Driver for respiration and energy movement in the body. Initiates movement of energy body-wide; related to growth and development. Maintains lung functions and free breathing. Metabolism through correct exchange of gasses and O₂ level in lungs. Combats viral tendencies. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 8	Stomach	<ul style="list-style-type: none"> • Primary Driver for digestive function. Related to entire process of digestion and assimilation of CHO, fats, protein. Detoxes stomach. Helps fields of mental function; increases muscle stamina. 	Go easy with this Infoceutical.	3 - 6 drops @ 3rd day Max 28 drops/day
ED 9	Muscle	<ul style="list-style-type: none"> • Primary Driver for muscular activity. Field is generated by muscle contractions. Field is disturbed by muscular and physical movement problems. Maintains muscular functions generally, including metabolic waste excretion. Ensures availability of calcium and magnesium to muscles. Aids muscle growth and repair. 		3 – 6 drops @ 3rd day Max 15 drops/day
ED 10	Skin	<ul style="list-style-type: none"> • Primary Driver for skin function. Field is generated by movement across skin by respiration and excretion. Also includes mucous membranes of lung and bowel. Repair and regeneration of skin. Connects with muscle functions. 		3 – 6 drops @ 3rd day Max 28 drops/day
ED 11	Liver	<ul style="list-style-type: none"> • Primary Driver for hepatic function. Field is generated by multiple liver functions. Field is damaged by toxins. Infoceutical supports Liver cells/functions, blood clotting, lymphatic regulation, detoxing enzymes, body pH. Can aid hangovers. 	Do not use on first visit or with diabetes. Care when used with Pancreas Driver.	6 drops @ 3 rd day Go easy when using. Max 9 drops/day
ED 12	Kidney	<ul style="list-style-type: none"> • Primary Driver for renal and adrenal function. Supports kidney function, fluid metabolism, blood pressure regulation, brain (stamina, sanity). 		6 drops @ 3 rd day Max 9 drops/day
ED 13	Immunity	<ul style="list-style-type: none"> • Primary Driver for antibody and non-specific resistance immunity. Field is generated from bone marrow production of immune cells. Infoceutical stimulates the production of immune cells. May take time to respond as immune cells have to be produced. 	Use with care, as strong healing reactions may be induced.	6 drops @ 3 rd day Max 28 drops/day for 1 week only.
ED 14	Spleen	<ul style="list-style-type: none"> • Primary Driver for specific resistance immunity. Aids the formation of long-term antibodies. Aids resistance to molds, parasites, autoimmune issues, and allergic responses. Omentum Immunity for peritonitis. 		3 – 6 drops @ 3rd day Max 9 drop/day
ED 15	Pancreas	<ul style="list-style-type: none"> • Primary Driver for digestive enzymes and blood sugar regulation. Maintains pancreases function. Field is susceptible to damage by environmental toxins. Infoceutical aids all parts of the pancreas. 	Care when used with Liver Driver/blood sugar issues.	3 - 6 drops @ 3 rd day Max 9 drops/day
ED 16	Bone	<ul style="list-style-type: none"> • Primary Driver for bone and calcium metabolism. Infoceutical detoxes heavy metals from bones and muscles. Returns appetite. Affects calcium metabolism in bones and muscles. Assists bone growth and repair. 		3 drops/3 rd day Max 9 drops per day

NOTE: Refer to NES training material for instructions on using ED Infoceuticals.

EI	Organ /Meridian	Integrator Regulation Function	Emotion	General Dosage
1	Neurosensory Large Intestine	<ul style="list-style-type: none"> • Frontal lobes, sensory homunculus; sense receptors. Cranial n. • Spinal n, vasomotor n. Autonomic system. Mineral absorption. • Large intestine, up to sigmoid. Skin, bronchi, paranasal sinus. 	Letting go/holding on, organization, hopefulness/fears, consideration/lack of.	6 drops @ 2 nd day Max 28/day
2	Chest Lung	<ul style="list-style-type: none"> • Chest cavity: heart tissue, auricles and ventricles. • Lung tissue, trachea. Circulation of chest. Heart-lung balance. • Ectoderm/mesoderm/endoderm. Estradiol, estrone. Parasites. 	Self-identity; head and heart conflicts, enthusiasm, love.	6 drops @ 2 nd day Max 28/day
3	Mucosa Small Intestine	<ul style="list-style-type: none"> • Mucous membranes of whole body, small intestine; assimilation. • Calcium metabolism and bone in general, vertebrae. Parathyroid. • Arthritis, lithiasis. Skin. Antibiotics, chemicals, allergy. 	Mental power, concentration, short-term memory, forcefulness, industriousness.	6 drops @ 2 nd day Max 28/day
4	Neurotransmit. Heart	<ul style="list-style-type: none"> • Neurotransmitters, midbrain, substantia nigra, CSF, nerve cell. • Uterus and ovaries/female cycle. Alveoli/bronchioles. • Speech center; auditory and verbal processing. Fungi, E. coli. 	Holding on, rigid thinking, inflexibility, forbearance, industriousness, punctuality, depression, grief.	6 drops @ 2 nd day Max 28/day
5	Lymphatic Bladder	<ul style="list-style-type: none"> • Lymphatic system; lymph nodes, lymphocytes. All teeth. Appendix. • Ant. pituitary, thyroid, adrenal hormones. Vertebrae, discs, nerves. • Medulla, pons. Frontal sinus. Bladder. Prostate, penis. 	Timid/sensitive, trust or lack of, grief or lack of, cheerfulness, concentration, ability to focus, trustfulness.	6 drops @ 2 nd day Max 28/day
6	pH Kidney	<ul style="list-style-type: none"> • Renal system: kidney glomeruli, tubules. Sigmoid and rectum. • Acid-alkaline and fluid balance, arteriosclerosis, hypertension. • Pineal, thalamus, white matter. Thymus. DHEA. Candida, HPV. 	Drive/performance, emotions or lack of, sympathy/animosity, rejection, sentimentality.	6 drops @ 2 nd day Max 28/day
7	Blood Gall Bladder	<ul style="list-style-type: none"> • Haematopoiesis, red & white cells. T, NK cells, immune activation. • Gall bladder. Duodenum, jejunum, epigastrium. Eye movement. • Motor cortex, gray matter. Organophosphates and organochlorides. 	Decisiveness, will power, honesty, loyalty.	6 drops @ 2 nd day Max 28/day
8	Microbes Liver	<ul style="list-style-type: none"> • Microbes (all ETs), waste and toxin removal, infection control. • Liver, myocardium, diaphragm. Estrogen, prolactin, adrenalin. • Vision: iris, retina, optic cortex. Hypothalamus. Energetic Terrains. 	Verbosity, calmness, elation, tolerance.	6 drops @ 2 nd day Max 28/day
9	Thyroid Triple Warmer	<ul style="list-style-type: none"> • Thyroid, post. pituitary, adrenal medulla. Exhaustion, MCS. • Heat regulation, delayed development, immune failure. • Cavities of the body = Source energy accumulation. <i>Vaccination.</i> 	Confidence, courage, quietness, fear, mood swings, hyperactive emotions, ability to verbalize/silence.	6 drops @ 2 nd day Max 28/day
10	Circulation Heart Protector	<ul style="list-style-type: none"> • Venous/arterial circulation, inflammation, hormone balance. • Neuroendocrine: hypothalamus, adrenal cortex, ovaries. GH. • Midbrain: visual and auditory, substantia nigra. Shock damage. 	Thought processes, thoughtfulness (obsessions, absence of thought).	6 drops @ 2 nd day Max 28/day
11	Heavy Metal Stomach	<ul style="list-style-type: none"> • Stomach, duodenum, esophagus; HCl & pepsin. Maxillary sinus. • Bone marrow (blood cell production). Frontal lobes. • Testes, testosterone, groin. Heavy metals, environmental toxins. 	Excessive memories, obsessive behavior, memory, spatial awareness/ calmness, confidence, benevolence.	6 drops @ 2 nd day Max 28/day
12	Collapse Spleen	<ul style="list-style-type: none"> • Spleen, pancreas (endocrine and endocrine). Uterus, cervix, fetus. • Corpus callosum, brain balance, fourth ventricle. Lymphatic fluid. 	Pleasure, acceptance.	6 drops @ 2 nd day Max 28/day

Note: Refer to NES training materials for instructions on using EI Infoceuticals. If giving multiple Integrators, then select lowest number first and continue in order to higher ones. Allow 10 minutes between Infoceuticals. Take individually in a glass of water. Reduce dosage for sensitive clients. Do not exceed maximum dosage.

Energetic Terrains - Summary Chart

	Common name	Terrain Tissue Location	Associated Microbes	Key Word	Associated Driver	Dosage
ET 0	CNS	Central nervous system, hearing, myocardium, sphincter muscles.	Specific viruses and multiple vaccines particularly live-virus vaccines. ET Best used in evening to assist sleep.			Start 6 drops every 3 rd day. Max 15 drops per day.
ET 1	Imu 1	Red and yellow bone marrow. Blood.	Viral particles. Retrovirus Family including Lentivirus.	Chronic infections	Thymus	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 2	Imu 2	Red and yellow bone marrow. Blood.	Viral particles. Retrovirus Family including Lentivirus.	Chronic infections	Cell Driver	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 3	Imu 3	Red and yellow bone marrow.	Viral particles. Retrovirus Family including Lentivirus. Overlay of ET1 and ET2.	Loss of viral immunity	Bone Driver	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 4	Nrv	Brain, central and peripheral nervous system	Viral. Prions (incorrectly folded protein).	Fuzzy head	Imprinter	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 5	BSV	Skin and lungs	Broad spectrum of viruses. Human Papilloma Virus, Human wart virus, Bunyavirus. Herpes.	Benign growth	Nerve Driver	Start 9 drops per day. Max 28 drops per day
ET 6	CFI	Nose, throat, lungs, and bronchi	Colds, Flue & Immunity. Can produce strong reaction with 3 hour colds to 3 day flue. Brings out past virual infections.	Poor chest immunity	Cell Driver	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 7	CFS	Encephalon, pituitary, thyroid, pancreas, small intestine, liver, CNS.	Virus Flaviviridae (associated with chronic fatigue syndrome)	Always tired	Heart Driver	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 8	Neuro	Coating of axons, bladder and most tissues found in EI 5	Pattern viruses. (associated with MS)	Nerve degeneration. Tingles.	Nerve Driver	Start 6 drops per day. Max 28 drops 3 times per day.
ET 9	Stm	Stomach and duodenum	Bacteria. Helicobacter Pylori, Escherichia coli (E-coli), Salmonella family	Sensitive stomach	Stomach Driver	Start 6 drops per day. Max 28 drops per day.
ET 10	Liv 1	Liver, chest and gastro-intestinal tract.	Picornaviridae family which includes Hepatitis A. Some Rhinoviruses, Coxsakie viruses, Adenoviruses.	Liverish	Circulation Driver	Start 6 drops every 3 rd day. Max 28 drops per day.
ET 11	Liv 2	Liver and large bowel	Hepadnaviridae virus family, which includes Hepatitis B.	Hates fats	Liver Driver	Start 6 drops every 3 rd day. Max 28 drops per day.
ET 12	Liv 3	Liver and large bowel	Flaviviridae which includes Hepatitis C	Tired. Uses drugs	Pancreas Driver	Start 6 drops every 3 rd day. Max 28 drops per day.
ET 13	Fng	Blood, large bowel, chest cavity, skin, lungs, nasal cavity pancreas, bone tissue, various neurones of the brain.	Yeasts, molds, fungi, protozoan, amoebas. Use in small doses- strong action.	Hyperactive	Kidney Driver	Start at minimal dose 3, 6 drops every 3 days. Keep at minimal dose. Do not use with sensitive people.
ET 14	Bac	Skin and Lungs	Bacteria. Staphylococcus, Streptococcus, Legionella		Lung Driver	Start 6 drops every 3 rd day. Max 9 drops per day.
ET 15	GET	General	General Environmental Terrain. Can be used when unknown ET is suspected. Only use as supplementary treatment when other ET's do not respond to treatment.	Use to correct terrain and excrete residues	Muscle Driver	Start 6 drops every 3 rd day. Max 9 drops per day.

Do not use Energetic Terrain infoceuticals until at least the 3rd visit. These products can illicit a strong reaction. Only use one or at the most two in any one protocol. Refer to full usage instruction in NES Certificate training course.

Energetic Stars - Summary Chart

Copyright 2006
BRI

	Common name	Replaces Shock Adjuster	Main Function	Notes	Dosage
ES-1	Immune	Prostate Sinus (PS)	Re-establish immune function. Aid with viral fragments that may invade the nervous system. Chronic slow-moving disease. Heavy moods, light sensitivity.	Use with care	Start 3 drops @ 3 days Max 9 drops per day
ES-2	Memory Imprinter	Memory (MY)	Aids the heart's ability to imprint information into blood and fats. May aid learning skills, mental lethargy, memory.		Start 3 drops per day Max 15 drops per day
ES-3	Nerve Function	Triglyceride (TRI), Nerve Detox (ND), Nerve Function (NF), Neuron Pain (NP), Regeneration (RN)	Benefits neuron cells: generally, regeneration, toxin elimination (particularly heavy metals).	Initial detox reaction may occur. Long-term use may be required.	Start 3 drops per day Max 15 drops per day
ES-4	Triple Cavity	Field Stabiliser (FS)	Integrates cranial cavity (pituitary, thalamus), thoracic cavity (thymus, thyroid) and abdominal cavity (suprarenal, digestive and reproductive). May harmonize endocrine functions.		Start 3 drops per day Max 28 drops per day
ES-5	Auto-Immune	Anti Allergy (AAR)	Addresses incorrect production of antibodies.	If strong reaction then stop until symptoms subside.	Start 3 drops per day Max 15 drops per day
ES-6	Circulation Lipids	Triglyceride (TRI)	Addresses fat accumulation in arteries. May aid conditions involving ligaments, cartilage & tendon tissue.	May require long-term use.	Start 3 drops per day Max 15 drops per day
ES-7	Muscle Enzymes	Anti Age (AG)	Aids metabolic function of the skeletal muscle. May aid with muscle repair.	Strong detox reaction on first use.	Start 3 drops per day Max 15 drops per day
ES-8	Chill	Sleep Centre (SL), Give up Smoking (GUS)	Helps unravel emotional tangle and emotional processing backlog. May give feelings of peace, happiness, relaxation. Reduces excess thoughts.	Emotional problems may come to surface.	Start 3 drops per day Max 28 drops per day
ES-9	Shock – Audi Processing	Auditory Acuity (AA), Mental Development (MD), Trauma (TA)	Aids shocks of all types – birth, trauma, electrical, emotional, financial, chemical, toxic, surgical. Aids blocks in the hearing process possibly related to learning difficulties.		Start 3 drops per day Max 9 drops per day
ES-10	Stress – Video Processing	Visual Acuity (VA)	Assists with stress caused by visual experience. May aid with interpretation of visual patterns.		Start 3 drops per day Max 15 drops per day
ES-11	Male Energy	Male Energy (ME)	Benefits male endocrine glands. May enhance male charisma, confidence, will power, social warmth & well being.	Do not use with prepubescent males.	Start 3 drops per day Max 15 drops per day
ES-12	Female Energy	Female Cycle (FC), Female Energy (FE)	Benefits female endocrine glands. May enhance female charisma, confidence, will power, social warmth and well being. May aid menstrual issues.	Caution with those taking synthetic hormones.	Start 3 drops per day Max 28 drops per day
ES-13	COH Metabolism	BMR, Fat Metabolism (FM)	Designed to correct metabolism of Carbon, Oxygen and Hydrogen. Aids with cell energy production. May aid with addictions.	Monitor blood sugar variations. Extra fluids to help with detox.	Start 3 drops per day Max 9 drops per day
ES-14	Cell Metabolism	Environmental Detox (ED), Complexion (CN), EMF	Aids cell metabolism by detoxing cells.	High dosage may cause detox reactions.	Start 3 drops per day Max 9 drops per day
ES-15	Heavy Metals	Heavy Metals (HM)	Aids with the detoxification of heavy metals.		Start 3 drops per day Max 15 drops per day

Note: Refer to NES training material for full instructions on using ES Infoceuticals. Allow 10 minutes between Infoceuticals. Take in a glass of water. Reduce dosage for sensitive clients. Do not exceed max dosage. Max two ES's at any one time.
